Why This Price

The \$700 discounted price reflects exceptional value based on the custom work delivered, not just hours worked. Here's the breakdown:

- Custom Design Work (\$400 value):** 8+ uniquely designed sections with different backgrounds, gold accents, and Argentina-themed branding throughout
- Advanced Animations (\$200 value):** Framer Motion page-flip effects, floating particle systems, scroll-triggered reveals, hero video integration
- Bilingual Implementation (\$150 value):** Complete EN/ES translation system with context persistence, language toggle, and cultural adaptation
- Technical Optimization (\$150 value):** Turbopack setup, hydration error fixes, production builds, SEO optimization
- Forms & Functionality (\$100 value):** Reservation system, contact forms, gallery modal, Google Maps integration

Total Value: \$1,000 + | Your Price: \$700 (30% discount)

Why Charge This: A restaurant gaining just 10 additional reservations/month at \$100 average ticket = \$1,000/month revenue increase. This website pays for itself in less than one month of operation.

Benefits of Owning Your Website

- Increased Reservations:** 24/7 online booking captures customers even when your phone lines are busy or after hours
- Professional Credibility:** Luxury design positions your restaurant as a premium destination, justifying higher menu prices
- Bilingual Reach:** Capture both English and Spanish-speaking customers in Miami's diverse market
- Showcase Your Brand:** High-quality imagery, Tango event promotions, and authentic Argentine aesthetic attract your target audience
- Customer Trust:** Testimonials, clear contact info, and professional presentation build confidence before customers even arrive
- Event Promotion:** Featured Tango/Bolero nights section drives attendance to high-margin event nights
- SEO & Discovery:** Local search optimization helps new customers find you when searching "Argentine steakhouse Miami"
- Menu Accessibility:** Digital menu with page-flip animation creates an experience that matches your food quality
- Competitive Edge:** Most competitors have outdated websites - yours will stand out as modern and premium
- Ownership & Control:** You own the code, can update content anytime, and aren't locked into monthly platform fees
